This episode of *Designing Spaces* covers everything from solar energy to educational toys, home upgrades, propane uses, and urban farming.

This show is closed-captioned

Show #QUDS-8376-156

Initial Feed Date: Thursday, OCTOBER 18, 2018

Synopsis

Take the guesswork out of picking home safety products including home security, home automation and family safety, plus why retrofitting your roof can be and is so beneficial. Improving one's comfort and minimizing the negative effects of the sun with the right window tinting is made to be easy and affordable. And watch as we are educated on the importance of proper mattress support and durability.
