

Eco Company explores all aspects of being “green” and understanding how our actions impact the world. Viewers learn about alternative energies by visiting wind farms and solar installations and discovering new energy technologies currently under development. They learn more about recycling, conservation and organics. The E-Team profiles teens and school organizations who have taken it upon themselves to make a difference, young entrepreneurs who are taking their passion for green to develop ideas, and new products for a sustainable future.

- **Half-hour Weekly Series**
- **Barter only, 50/50 split**
