

Sports Lab is a weekly half-hour sports-science television series that meets the educational and informational objectives of the FCC's Children's Programming requirements for children ages 13-16. Each episode is a fun, educational show for teen viewers that showcases a wide range of sports, helping youngsters better understand sports, while demonstrating the scientific elements at work — giving them a greater understanding and appreciation of how we play as well as the science behind a particular sporting activity. Whether it's hitting a baseball to determine its acceleration off a bat or why a certain technique increases running speed, viewers look into the science involved within the sport.

Sports Lab is closed-captioned for the hearing impaired and displays the "E/I" icon throughout the broadcast.
